

NMODES ARTIFICIAL INTELLIGENCE LIVE CHAT

EASY SOLUTION FOR YOUR SALES PROCESS

IT'S TIME TO INCREASE YOUR WEBSITE SALES

A.I. Live Chat will greet visitors on your website. It will engage in real conversations and convert visitors into customers.

BETTER CONVERSION

NMODES A.I. Live Chat increases website conversion rate at least by 24%. It drives your conversion rate by enabling full functionality of a sales representative. It works without days off and holidays, does not require additional training, and never asks for sick leave.

QUALITY RESULTS

Our Live Chat provides the same level of language understanding as do human sales reps. The ability to seamlessly participate in human conversation is critical for any live chat. We offer one of the best language capabilities on the market.

LOW PRICES

NMODES A.I. Live Chat offers your business a professional sales rep that works 24/7. Our low prices will ensure the scalability of your business model.

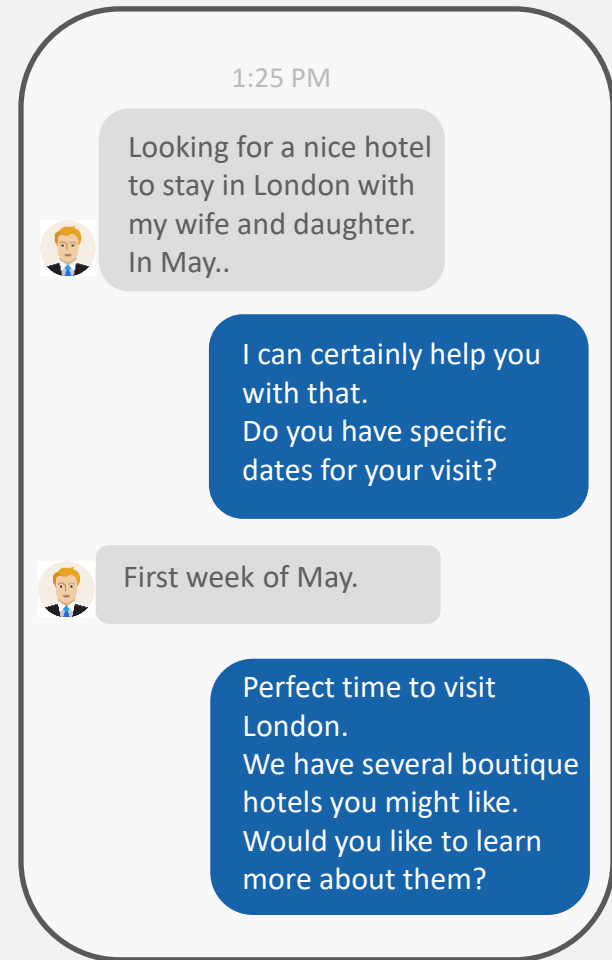

.. AND PROVIDE ROUND THE CLOCK CUSTOMER SERVICE

GET INSTANT ROI

Provide fast, courteous and relevant answers to you customers' inquiries. It is the most important factor in determining the likelihood of that customer doing business with the company.

FRIENDLY PROFESSIONAL SERVICE

Our A.I. Live Chat offers professional customer service. It accurately identifies customer's needs, responds in a polite manner, and oversees the issue until it is resolved to client's utmost satisfaction.

NEED BETTER LEADS?

REAL-TIME LEADS

Use A.I. Live Chat to identify leads in real time, pre-qualify them, and follow up with each and every lead.

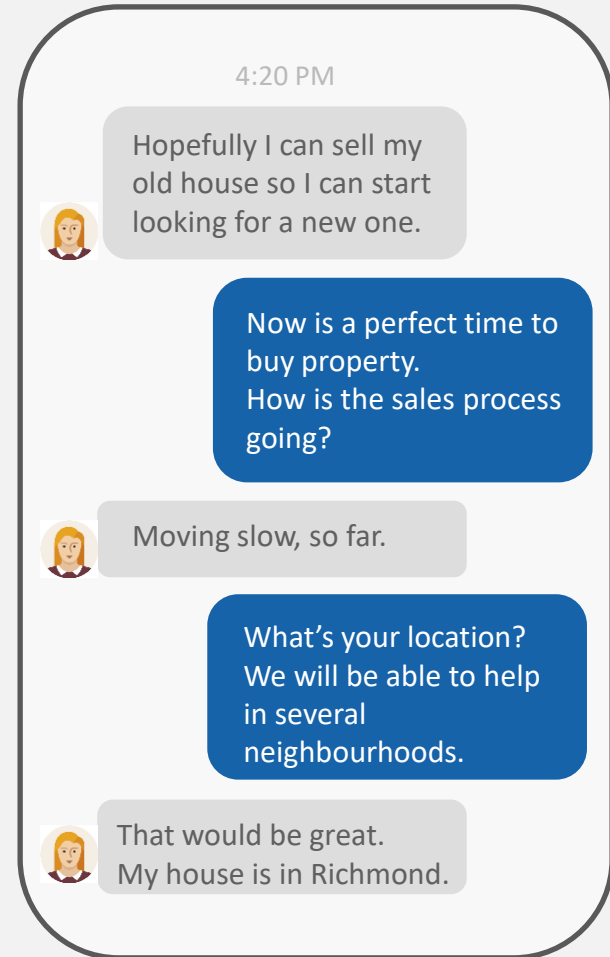

ACT PROACTIVELY

Our Live Chat knows when a visitor is on your website and can start the conversation (not wait for visitor to start, which typically is the case).
Increases conversion rate by additional 18%.

PREDICT TRENDS

Identify relevant conversations, and analyze

- buying habits,
- customer service concerns,
- user sentiment,
- consumer behaviour patterns.

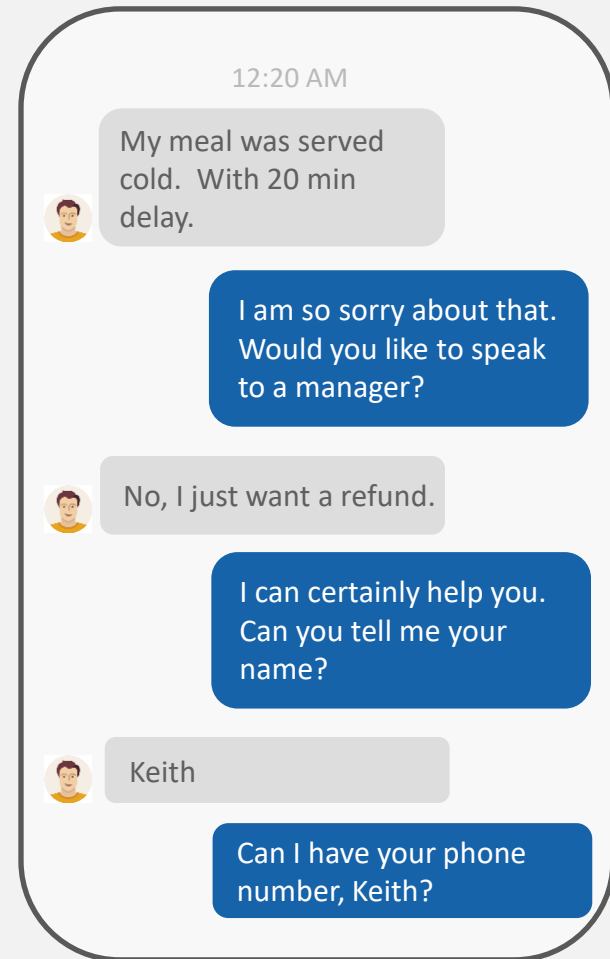

NEED TO MANAGE REPUTATION?

A disgruntled customer will tell, on average, 10 friends about their negative experience with your brand.

NMODES A.I. Live Chat provides real-time issue resolution with the service available 24/7. You can manage and resolve negative reviews well before they become a crisis.

Lay foundation for sustainable growth by enabling transition from human sales team to A.I. sales team.

Deliver immediate and measurable results across the key performance metrics: sales closing, customer satisfaction, engagement growth.

ADD FACEBOOK MESSENGER CHAT

Chat bots on messaging platforms (FB Messenger, Slack, WhatsApp, etc.) are quickly becoming popular.

Add quality chatbot on Facebook Messenger (or other platform) to stay ahead of the competition.
